

REMARKS

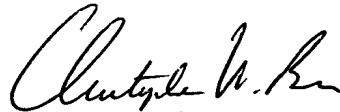

Claims 1 and 3-7 are pending in this application. By this Preliminary Amendment, claims 3-7 are added to more fully define the invention.

No new matter is added by this Preliminary Amendment. Support for the language recited in claims 3-7 may be found in the original specification at, for example, paragraph [0015] and Figures 1-3. For the convenience of the Patent Office, attached is a marked-up version of Figure 2 labeling the aspects of the invention recited in new claims 3-7.

Claim 1 has been previously allowed, and is not changed by this Preliminary Amendment. Claim 1 should thus still be in condition for allowance.

Prompt and favorable consideration of claims 1 and 3-7 on the merits are respectfully requested. Should the Examiner believe that anything would be desirable in order to place this application in condition for allowance, the Examiner is invited to contact the undersigned at the telephone number set forth below.

Respectfully submitted,
